# Сегодняшние тенденции ИТ инфраструктуры и облачных вычислений

Старые тренды:

Virtualization

Web service

Software as a service

Cloud

Hybrid

A wide-angle, low-perspective shot of a vast data center. The floor is filled with long, parallel rows of server racks, some of which are illuminated with blue and yellow lights. The ceiling is high and features a complex network of dark steel trusses and beams. The overall atmosphere is industrial and technological, with a cool blue color palette.

# #1 Hyperscaler

# #2 Full flash

A photograph of a server room with rows of server racks. The racks are filled with server units, and the perspective is looking down a long aisle. The text is overlaid in the center.

# #3 Software defined storage

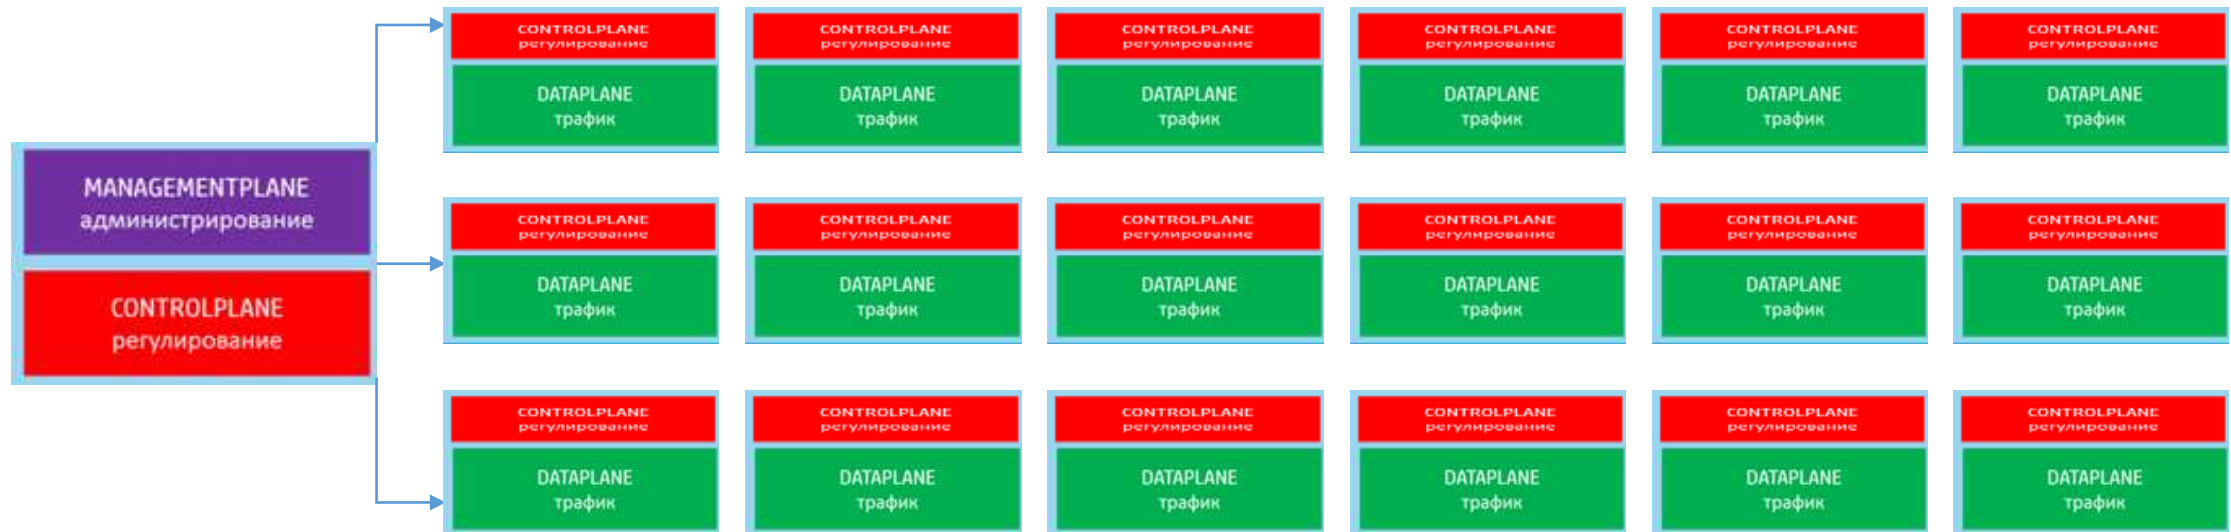

The background is a dark blue field filled with a complex network of glowing lines and hexagonal shapes. Some hexagons are solid and glow with a light blue or cyan light, while others are just outlines. The lines connect these nodes, creating a web-like structure that suggests a network or data flow.

# #4 Software defined network

## Типичное сетевое устройство

## Модель сетевых устройств SDN

# #5 Devops

A man with short brown hair, wearing a dark jacket, is seated at a desk in a dark, industrial-looking environment. He is looking down at a glowing blue digital interface on the desk, which displays various data and code. His hands are positioned over the interface, suggesting he is interacting with it. The background is filled with various mechanical and electronic components, including a large, complex structure resembling a satellite or a piece of industrial machinery. The lighting is dim, with the primary light source being the glowing interface, creating a high-tech, futuristic atmosphere.
